1. Reviewed task and scope of committee as adopted by CAN Resource Council. Reviewed Ideal Statements approved by CAN Resource Council.
2. Defined "community" for the purposes of the community-wide dashboard to be the five county MSA (Travis, Williamson, Bastrop, Hays and Caldwell) with drill down for Austin, Travis County and the 3 county (Travis, Williamson and Hays) area, where appropriate.
3. Agreed to use the following criteria as a guide for selecting indicators:
 - Based on CAN vision and Ideal Statements
 - High-level: with a multi-faceted, multi-dimensional impact
 - actionable and measurable
 - expressed in a consistent form that permits comparison over time and across geography
 - Addresses root causes, not symptoms
 - Inclusive, applies to entire community
4. Agreed to timeline.
